

CLEAN VERSION OF PARAGRAPH INCORPORATING CHANGES MADE**In the Specification:**

Please replace the paragraph in page 1 entitled Cross Reference to Related Application with the following:

Cross Reference to Related Application

This is a continuation-in-part application of U.S. Serial No. 09/335,714 filed June 18, 1999, now U.S. Patent No. 6,309,365, the entirety of which is incorporated herein by reference.

Please replace the paragraph in page 3, line 26 with the following:

Preferably the fingers are pliable so that the size and shape of the opening can be varied.

Please replace the paragraph in page 4, line 1 with the following:

Preferably the free end of each finger terminates in a resin bulb or ball like structure.

Please replace the paragraph in page 5, lines 5-8 with the following:

The fingers 12 are pliable so that the size and shape of the opening 16 can be varied to suit different people. That is, the fingers 12 can be bent to ensure that the opening 16 is of a size so that the free ends 18 contact the head/scalp of a person when the device 10 is lowered onto the head with the head entering the space 14 through opening 16.

In the Specification:

Page 1 paragraph entitled Cross Reference to Related Application:

Cross Reference to Related Application

This is a continuation-in-part application of U.S. Serial No. 09/335,714 filed June 18, 1999, now U.S. Patent No. 6,309,365, the entirety of which is incorporated herein by reference.

Page 3, line 26:

Preferably the fingers are pliable to so that the size and shape of the opening can be varied.

Page 4, line 1:

Preferably the free end of each fingers-finger terminates in a resin bulb or ball like structure.

Page 5, lines 5-8:

The fingers 12 are pliable so that the size and shape of the openings-opening 16 can be varied to suit different people. That is, the fingers 12 can be bent to ensure that the opening 16 is of a size so that the free ends 18 contact the head/scalp of a person when the device 10 is lowered onto the head with the head entering the space 14 through opening 16.
